A Jurisprudence Of Power Victorian

John Austin is considered by many to be the creator of the school of analytical jurisprudence, as well as, more specifically, the approach to law known as "legal positivism." Austin's particular command theory of law has been subject to pervasive criticism, but its simplicity gives it an evocative power that continues to attract adherents.

John Austin (Stanford Encyclopedia of Philosophy)

Early life: Kroger was educated at Wesley College, Melbourne, where his father Jack Kroger was a senior master.He became politically active while studying at Monash University where he graduated with Bachelor of Jurisprudence and Bachelor of Laws degrees. A tribunal, generally, is any person or institution with authority to judge, adjudicate on, or determine claims or disputes—whether or not it is called a tribunal in its title. For example, an advocate who appears before a court with a single judge could describe that judge as "their tribunal." Many governmental bodies that are titled as "tribunals" are described so in order to emphasize ...
