Birdy1970. for me that is not an argument. panasonic delivers new firmware. the apparently sponsored site here no longer knows what its name stands for. look exactly what dpreview stands for. --- digital PHOTO review ---! sony builds very good cameras, but panasonic can do a lot better. i'm not a brand fan, but more objectivity would be nicer. in my opinion this is no longer the case here. the ...

### Panasonic Lumix DC-S5 review: Digital Photography Review

The Panasonic Lumix DC-GH5 is the fifth in the company's industry-changing video and stills 'hybrid' lineup. With its 20MP Four Thirds sensor and deep video-centric feature set, it looks likely to pick up where the GH4 left off as a favorite of indie filmmakers and photographers whose interests venture into the realm of motion picture work.

### Panasonic Lumix DC-GH5 Review: Digital Photography Review

The LUMIX GH5 takes professional shooting performance to another level with high precision, silky smooth 4K 60p/50p (QHFD 4K: 3840\*2160/ MOV or MP4) video recording capability. Faster frame rates mean excellent motion compensation plus you can also footage inside your videos editing timeline without losing detail.
