Mindful Compassion | NewHarbinger.com

Mindful Self-Compassion combines the skills of mindfulness and self-compassion, providing a powerful tool for emotional resilience. A randomized controlled trial demonstrated that MSC significantly increased self-compassion, compassion for others, mindfulness, and life satisfaction, as well as decreased depression, anxiety and stress.

Self-Compassion

This was an enjoyable meditation and very different from the guided mindfulness meditations that I have been sitting for over the years. I learned in the Science of Happiness course that your overall outlook on life can improve by practicing 30 minutes of compassion meditation for 2 weeks. I have challenged myself to do this.
