Mooney realized this and in 1967 released the first airplane with really enough room inside for four - the M20F. Combining the 200 horsepower Lycoming IO-360-A1A from the M20E with a fuselage stretched 10 inches (5 of which are in the rear seat legroom area) gave the Mooney factory an airplane they could truly market as a useable four-place ...

### Mooney Aircraft service manuals - Aeroteks

Since these are copyrighted documents, it might not be in Craig's best interest to place these manuals in the public domain. Craig runs a good ship here and for him to compromise it so that someone can save \$50 at his ultimate expense wouldn't make fiscal sense for him, nor engender him with Mooney International.
