### Transdisciplinary Sustainability Studies A Heuristic

Sustainability studies are offered as electives in nearly all universities in Latvia, however the study time allocated is quite low (just some hours per week in 1 semester). In some of them, study courses on environmental education and education for sustainable development are a mandatory element of study curricula for all students.

However, Egon Becker argues that sustainability studies is a "transdisciplinary field" that is more of a "conceptual and heuristic framework" than a general theory (1999, pp. 284-285). The lack of an agreed-upon general theory for engaging in the intellectual process of integrating across disciplines led William Newell to search for ...
